

Covert Antenna Systems

Bumper Step Up Antenna

Covert, Durable & Rapidly Deployabler

- Avoid drilling holes in leased or rented vehicles
- Designed to fit standard two-inch towing receiver
- Fully functional as a step up
- Locking mechanism included to prevent theft
- Now available in tri-band VHF/UHF/7-800

MODEL NUMBER	BSAN-SB-VHF	BSAN-SB-VHFL	BSAN-TB-VHFL/U/C	BSAN-TB-VHFH/U/C
Frequency Range (MHz)	136-174	138-150	150-162/406-512/760-870	162-174/406-512/760-870
Bandwidth (MHz)	24*	12	12 / 106 / 110	
SWR	2:1			
Power Rating (watts)	150			
Gain	Unity			
Impedance (Ohms)	50			
Finish	23			
Weight	6.0 LBS			
Connector	Customer Defined			
Mast Material	Copper/ Brass			
Radome Material	Thermoplastic			
Temperature Rating	-50 to +150			

* Frequency range depends on installation site factors, such as available air space and proximity to metallic structures
