

Magnetic Flexi-Whip™ Tri-Band Antenna

Quick-Disconnect Antenna – Fast, Secure, & Stealth

- Mounts Directly to Existing NMO – No drilling or modifications required
- Seamless Tri-Band Operation – VHF, UHF, and 7-800 MHz from a single connection
- Instant Removal for Stealth & Convenience – Detach in seconds, no unscrewing required
- Concealed Cables for a Cleaner Setup – Reduces environmental exposure and potential damage.
- Proudly Made in the U.S.A. – Engineered for durability and performance

MODEL NUMBERS	MGNT-NMO-NT-V/U/C		
Frequency Range (MHz)	150-174	380-520	762-870
Bandwidth (MHz)	24	140	108
SWR	<3:1		
Impedance (Ohms)	50		
Pattern	Omni-Directional		
Polarization	Vertical		
Finish	Black		
Maximum Height (in)	19		
Mounting Hardware	Magnetic base with NMO mount		
Mast Material	Nickle Titanium		
Base Material	Black Thermoplastic		
Feed	17' RG58		
Connector (choose one)	PL259, Mini-UHF, BNC, TNC, N or QMA
